White Biotechnology  
center of excellence

## ETHICS & SOCIETY

### Our service

- ▶ **Ethical and societal support for biotechnology projects**
- ▶ **Ethics of Sciences training**

- Establishment of Ethics Committees and Sustainable Development
- Ethical guidance adapted to each research project
- Ethics training for scientists
- Organisation of public debates
- Organisation of seminars

### Our strengths

***A double philosophical and scientific competence***

***A unique service offer***

***Field experience***

***An academic network in philosophy, science ethics and social psychology***

*An integrated solution tailored to the needs,  
to accelerate the development of  
industrial biotechnology*

# Some publications

- **Des machines vivantes en Biologie de Synthèse?** VRIN, coll. Sciences, Histoire, Philosophie, pp. 57-82, 2014
- **L'éthique des sciences entre enseignement et recherche : exemple de la biologie de synthèse** Les Etudes Hospitalières, pp. 85-100, 2014
- **Nano-biotechnologies et rapport à la vie** Les Etudes Hospitalières, pp. 99-115, 2013
- **Quelques grands débats en éthique aujourd'hui** L'Harmattan, 2012

## Target audience

- Public bodies
- Industries
- Associations

## Specialities

- **Ethics of Science and Technology**
- **Philosophy of Nature**
- **Life Philosophy**
- **Nature / Fireworks / Culture Paradigm**
